

Crew Training Centre Dibden

CTC

CTC Aviation Group is a leading provider of aviation training and consultancy services to major airlines around the world. Our training courses are tailored to individual airline requirements including full TRTO provision, Instructor, Command and CRM programmes, as well as cadet and cabin crew training. Residential training facilities are provided at the Crew Training Centre and Group Headquarters, Dibden – a unique facility dedicated to airline crew training.

Crew Training Centre – Dibden (Group Headquarters for CTC Aviation Group plc and Crew Training Centre for CTC Aviation Services Ltd) is located at Dibden Manor, in the village of Dibden, near Southampton on the south coast of England. The Manor was built in 1906, in the style of Edward Lutyens and stands in nine acres of beautiful private grounds, between the peace and natural splendour of the New Forest and the thriving city of Southampton. Providing a relaxing, self-contained environment, conducive to learning, visitors and trainees on our courses regularly comment on the welcoming atmosphere and the friendliness of staff. Away from the normal working routine, they are able to focus on their studies and reap the full benefits of instruction from some of the industry's most experienced aviation training personnel.

Facilities

The Crew Training Centre's spacious classrooms are fully equipped for traditional and computer based training, and internet access is readily available to all trainees.

Simulator training is integral to our pilot training courses and CTC's state-of-the-art simulator facility at Nursling, just eight miles from Dibden Manor, provides high-level training support for both Airbus and Boeing aircraft.

Dibden Manor can provide full board catering for up to 40 people. The centre has 18 comfortable en-suite bedrooms – each with study area – a relaxing lounge, bar and putting green. There are also car-parking facilities for trainees and visitors.

A golf course is situated adjacent to the Manor and there is an excellent sports centre with a full size swimming pool just five minutes away. The beautiful New Forest is within a few minute's drive enabling access to country walks and jogging/cycling routes. On arrival at the Crew Training Centre, trainees are issued with a swipe card giving them access to the Manor for the duration of their course.

How to find us

CTC's Crew Training Centre - Dibden is located on the edge of the New Forest, four miles west of Southampton and approximately two hours driving time from London. Our Simulator Crew Training Centre - Nursling is located approximately eight miles from Dibden Manor off Junction 3 of the M27 (West) on the M271.

By road 7 miles south of Junction 2 on the M27 (West) motorway

By rail 15 minutes drive from Southampton Central station, with frequent services to London and Gatwick

By air 20 minutes drive from Southampton International Airport; 40 minutes from Bournemouth Airport (and our Crew Training Centre there) and just over one hour from Heathrow or two hours from Gatwick

Directions - Dibden Manor

From the M27 West, exit at Junction 2 and follow the A326 south towards Fawley. Travel straight over the first four roundabouts, past Totton and Marchwood. Pass Marchwood Priory Hospital on the right. At the fifth roundabout (approximately seven miles from the M27), turn left towards Hythe. This is signposted to Marchwood, Dibden and Hythe. After about 300 yards the road drops down a short hill with the entrance to Dibden Church on the left. The road then bears right fairly tightly. Go slowly here! The road then bears left and at this point the entrance to Dibden Manor is immediately on the right.

ABOUT CTC

CTC Aviation Group was established to provide a dedicated facility for airline-standard professional training. The company offers a comprehensive range of training and consultancy services that can be tailored to individual airline requirements. CTC's training portfolio includes courses for pilots and cabin crew at every stage of their careers, including the unique 'CTC Wings' - an innovative airline pilot training programme for both cadet and licensed pilots. In addition, CTC provides Train the Trainer courses and Crew Resource Management training. Consultancy services include crew selection, training staff assessments, line support, recurrent training provision, fleet introductions and full management and operational support for airline start-ups.

The company has four Crew Training Centres - Dibden Manor and Nursling (CTC's Airbus and Boeing simulator centre), together with Bournemouth and Hamilton (New Zealand) where the basic phases of the CTC Wings programme are delivered. The Bournemouth and Hamilton Crew Training Centres operate a fleet of Alpha 160A, Diamond DA-20 and DA-42 and Piper Seminoles, together with Diamond DA-42 FNPT II simulators and a Beech KingAir FNPT II MCC simulator.
